The Director,  
THE ONE FAMILY FOUNDATION,  
No 2 Pyke Street,  
Freetown.

Dear Sir,

**LETTER OF ACKNOWLEDGEMENT**

It is of honor that I extend our heartfelt appreciation to The ONE FAMILY FOUNDATION for their outstanding performance with our children and youths (Non-Combatant) residing in and around the Barracks.

The FOUNDATION through Professor R.P. Holten and his association with the Barracks has proven to be a rock in restoring the broken and shattered dignity of our young people and families especially our women folks.

Prof. Holten was very much instrumental in mobilizing our children and youth for educational, agricultural and recreational activities which has made them aware of the existing benefits and opportunities that lies ahead especially with young people in the USA.

With this new initiative of engaging children of Armed Forces Personnel into well meaningful Social and Community development activities is well in place, and we are looking forward to it's success.

We hope he will facilitate our request to the people of USA for support especially with agricultural equipments for youth initiatives.

I thank you very much.

Yours Sincerely,

Li Col A. M Koroma
