The Director,
THE ONE FAMILY FOUNDATION,
No 2 Pyke Street,
Freetown.

Dear Sir,

LETTER OF RECOGNITION

It is of great pleasure that we are proud to say that we deed have a very good working relationship with The ONE FAMILY FOUNDATION on issues surrounding human rights and children's rights.

We especially want to comment on the arsidous help given to us by Professor R.P.Holten with regards to children in both conflict and contact with the law. He has been such a very good resource person to trust in championing the courses of disadvantage children found in police custody. These had made the work of the FSU very much easier and providing extra ordinary protection for children's rights and exercising minimum force on them.

However, we hope to work closely with The ONE FAMILY FOUNDATION in the dispensation of our work with regards to child welfare and juvenile justice system. We also hope that you will kindly assist us with information imputing and management.

I thank you very much.

Yours Truly,

Mrs Olive Berch new land
